

ELECTRONIC MOSQUITO-AWAY®

Helps you to get rid of the stinging insects such as mosquitoes, gnats. It is a battery-operated model to satisfy both domestic use and outdoor use. Entomology ecology proves that only female mosquitoes will bite human beings, animals when they are in their breeding period. By nature, female mosquitoes will try their best to avoid the disturbance of male mosquitoes. **MOSQUITO-AWAY** exploits this nature to produce sound waves imitating the sound of male mosquitoes to get rid of the spawning female mosquitoes. The sound generated by **MOSQUITO-AWAY** is harmless to pets, humans, and animals.
